

We encourage families to find the best organizational system for their student(s). The school provides a student planner to assist in this process and the planner will be distributed at the start of the school year.

This year students are allowed to carry their backpack with them to class in order to safely transport their device. In past years a 3-inch binder was required but is not required this year and is many times too big to fit in a backpack. There are many ways to stay organized and we will support students with whatever method they choose for this---a smaller binder, accordion folder, etc. Please also note that some art classes may require additional supplies.

6th Grade

5 composition notebook

(science, world language, individuals & societies, writing, elective class)

3 spiral notebook

(language & literature, math, elective class)

24 pencils, replenish throughout the year

5 Pocket folders
